

VOICEMAIL REMINDER SCRIPTS

For Use During the Early Fall Months, as Appropriate:

The influenza season is upon us, and we want to make sure our patients are protected from this serious disease. Annual vaccination is the best way to protect your child and yourself. Please call back during normal office hours and ask about scheduling an influenza vaccination.

For Use During the Late Fall/Winter Months, as Appropriate:

There is still time to protect your child and the rest of your family from influenza. Please call back during normal office hours and ask about influenza vaccination.
